Sam & Mike Launch "50 by 70" Biking Series for PXE Research

Your donation is doubled this year!

In just a few weeks Sam Harper and Mike Romanow are setting off on their next bike trip to raise money and awareness for PXE research!

Sam Harper is a PXE-er himself and a board member at PXE International and Mike Romanow is a dedicated supporter. They are beginning a new ride series called "50 by 70" where they will bike through all 50 states by the time they turn 70.

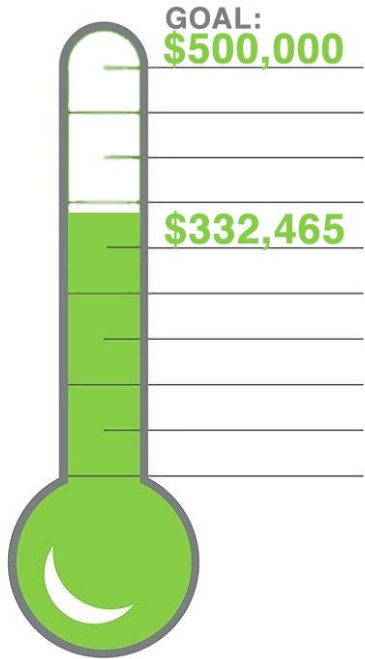

Their first trip, "Cycling the Sierras," begins on May 15th; they'll ride through California, Nevada, and Utah.

Stay tuned for updates as Sam and Mike set off on their latest adventure! We will be with them every pedal stroke of the way. Each donation made in honor of their rides this year will also go toward our ongoing matching challenge!

Matching Challenge Status Update

This month our donation total reached \$332,465 from over 350 donors! Thank you so much for your generosity in this challenge so far! Each donation funds important PXE Research as we get closer to clinical trials.

Help us reach our goal of \$500,000 by continuing to share this challenge with others!

PXE International Research Webinar Series

Check out our latest webinar with Koen van de Wetering on the pyrophosphate shortage in PXE.

Our webinars provide the most current information from the latest research focused on understanding and finding treatments for PXE directly from the researchers themselves. You can watch the whole series on our YouTube Channel.

We will be scheduling more webinars in the future, so stay tuned for updates on when you can join the conversation!
